

**MIFFLIN COUNTY SOLID WASTE AUTHORITY
2016**

RULES AND REGULATIONS

Hours of Operation: Monday through Friday; 7:00 a.m. until 3:00 p.m.
Saturday hours are 8:00 a.m. until 11:30 a.m.

Holidays closed for business: New Year's Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, Opening day of Buck Season and Christmas Day. Any conflicts resulting in a change in these scheduled holidays will be posted at the Facility weigh in area. In addition, Authority holidays are advertised in the local paper at the beginning of each year.

Use of Authority Facilities:

-The Authority reserves the right to inspect all loads and reject any waste it deems not to be in compliance with applicable law or regulations. All rejected loads shall be removed at the hauler's expense.

-All haulers/customers must comply with all PaDep and PENNDOT regulations regarding the transportation of waste to the Facility.

-All haulers/customers are required by PaDep and PENNDOT regulations to have loads covered or securely contained to transport waste to and from the transfer station. Tarps should not be removed until a load is weighed.

-All haulers/customers with a billing account are asked to post their account or designated program number on each side of their truck.

-All haulers/customers must comply with the proper access road use and traffic flow. Any hauler/customer not using the designated roads, access ways, or failing to follow Authority designated procedures shall be responsible for any damages to Authority property arising from noncompliance.

-All haulers/customers must adhere to the hours of operation as set forth previously. If, for emergency reasons, a hauler cannot make the time deadlines, the MCSWA must be notified as soon as possible. The MCSWA will then contact PaDep and request a time extension for that day in order to accommodate the hauler. Only if PaDep grants a time extension for that day will MCSWA permit delivery of the hauler's load past the hours of operation. PLEASE NOTE THERE IS NO GUARANTEE AN EXTENSION WILL BE GRANTED. NO EXTENTIONS CAN BE GRANTED IF NOTIFICATION TO THE MCSWA IS MADE PAST THE HOURS OF OPERATION.

-No loads that test positive for radiation contamination will be allowed to dump on the floor of the transfer station. The hauler will be responsible to deliver this load directly to a landfill that is named in the Mifflin County Waste Management Plan and that will accept the waste.

-Haulers/customers, as a condition to use of Authority facilities, agree to hold harmless the Authority and defend the Authority against all demands, claims, suits or the like made or brought against the Authority for all losses, damages, costs, and expenses suffered, or incurred by the Authority arising out of or resulting from any act, omission, or neglect of the hauler/customer or the hauler's/customer's employees, agents, servants, workmen, contractors, or licensees.

-A wash station is available at no cost for cleaning hauler's/customer's truck undercarriages. Haulers are encouraged to use the station during muddy conditions in order to avoid carrying mud onto the public highway in violation of PennDot regulations.

-Any hauler/customer needing assistance from Authority equipment for removal of a frozen or jammed load will be charged a fee for these services. The fee will be noted on the load ticket for that load. Fees are outlined in the fee section below.

-Annually (30 days prior to renewal) all haulers/customers must provide the Authority with a certificate of insurance from their insurance carrier establishing that the hauler/customer has obtained the minimum insurance coverage required by the Authority. Failure to carry insurance could result in denial of operating privileges in Mifflin County and loss of disposal privileges. The minimum required insurance coverage for haulers/customers is set forth on the attachment to this rule.

General

-Any hauler/customer who violates the above rules of the Mifflin County Solid Waste Authority may have their disposal Privileges revoked by action of the Authority Board or designated enforcement personnel.

Additions and revisions to these Rules and Regulations can be done at any time by the Mifflin County Solid Waste Authority. A 30-day written notice shall be posted at the Facility, listed on the Authority's web page, and mailed to all customers under contract.
